
TRIANO FARMS

CUSTOM CHICKEN COOPS

Built to Last.

Catalog Collection

Premium coops designed for everyday
chicken care.

Custom Coops Built for Real Life

Built for chickens. Made for the people who care for them.

Triano Farms is a family-owned business that designs and builds custom chicken coops for families who want a coop that looks good, works properly, and lasts.

Every build is made for your flock, the property, and the way the owner wants to care for their chickens.

Quality materials. Thoughtful layouts. Built by us — not assembled from a kit.

Why Customers Choose TF Coops

Predator Protection

Built with secure materials and construction details designed to protect the flock.

Proper Ventilation

Designed to move moisture and heat out of the coop without creating poor conditions.

Easy Daily Use

Access doors, nesting boxes, and layouts designed around the owner's routine.

Built to Last

Durable materials, practical design, and craftsmanship that goes beyond a basic kit.

Choosing the Right Coop Size

Name	Coop Size	Footprint Size	Recommended Flock	Best For
The Nest	4x4	4x12	5 chickens	Starter backyard flocks
The Cottage	4x6	6x16	6–8 chickens	Small backyard flocks
The Homestead	4x8	8x16	9–10 chickens	Most family flocks
The Farmstead	4x8	8x20	11–14 chickens	Most family flocks
The Estate	4x8	8x24	15–16 chickens	Large backyard flocks
The Manor	6x10	10x20	17–20 chickens	Large backyard flocks
The Signature	Custom	Custom	20+ chickens	Large or specialized setups

Tip: Leave room for future flock growth. Many chicken owners add birds after their first season.

How the Process Works

1

Consultation: We talk through your flock, property, and goals.

2

Design: We determine size, layout, features, and appearance.

3

Build: Your coop is built with quality materials and practical details.

4

Delivery / Installation: We bring the coop to your property and complete final setup.

5

Enjoy Your Chickens: Your flock moves into a coop built for daily use.
